CEILING DIFFUSERS

Paltech Round Ceiling Diffusers

Superb Appearance

Designed using computer-aided modelling, the Paltech Round Ceiling Diffuser has a superb installed appearance. The easy clean non-reflective surface is scratch and chip resistant, and rust free.

Strong and Durable

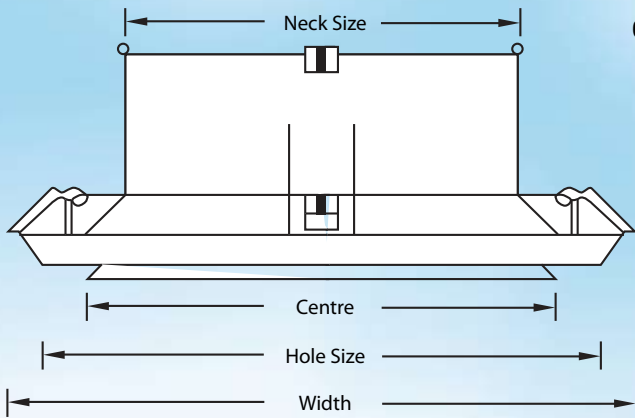

Paltech Round Ceiling Diffusers are manufactured from high quality everlasting A.B.S polymers to ensure durability. The colour remains fast and will not yellow.

High Performance

Air passages are designed to ensure low resistance to airflow, excellent throw and ultra quiet operation.

10 Year Guarantee

The Paltech Round Ceiling Diffuser is manufactured to the very highest standards and is covered by a ten year unconditional replacement warranty to be free from manufacturing defects.
